

It is a sad, sad  
state of open  
corporate corruption  
when a major  
broadcasting group  
airs political  
propaganda as  
"news". Honestly  
it's like forcing  
affiliates to  
broadcast Fahrenheit  
9/11 as "news".  
Sinclair  
Broadcasting  
Corporation appears  
to  
have no sense of  
ethics and corporate  
responsibility in  
their use of our  
public airways.  
Fair play is one of  
the core beliefs of  
American democracy,  
and this is not fair  
play.
